Our aims

Influencing policy

To inform and influence policy by bringing the needs of people with neurological conditions to the attention of health and social policy makers and strategists.

Raising awareness

To raise awareness and disseminate information about neurological conditions and their impact on individuals and society.

Improvements in care

To promote improvements in care for people with neurological conditions.

Not-for-profit organisations working in the interests of people affected by neurological conditions in Scotland are welcome to join the organisation.

The Neurological Alliance of Scotland is a focused and purposeful forum of not-for-profit organisations and groups representing many thousands of people affected by neurological conditions in Scotland.

The Alliance was launched in 2004 to ensure that neurological services are given priority at all levels of health and social care planning. The Alliance enables neurological organisations/ groups to campaign together and speak with an influential voice.
